

Proposed 2023 Board goals

Administrative/County Administrator:

- Successful implementation of Finance and Human Resources Departments
- Create a cohesive board and staff
- Harmonized and comfortable work conditions for staff
- Stop the gossip between offices

Board of Commissioners Internal:

- Transparency
- Become a fully functioning Board Team
- Fiscal responsibility – listen to constituents for goals, not our personal goals
- Regain the trust and respect of a wider segment of constituents
- Move the Health Department’s Environmental Health office into the Lower Level of the Government Center
- Support/develop a funding source for attainable housing
- First public comment only to agenda items; any other subjects addressed at second public comment
- Two-hour bathroom breaks if needed

Community/Committee:

- Help build a resilient and strong county for all residents
- Find a way to work with community partners, nonprofits, state and local government to impact housing
- Workforce/affordable housing
- Develop long-term strategy to support climate change – e.g., charging station, water bottle fillers and drinking fountains
- Keep the sustainability of our natural resources at the core of our decision-making
- Juvenile Detention
