1.0 Introduction

1.1 Proposed Redevelopment and Future Use for Each Eligible Property

The proposed project will facilitate the redevelopment of a 0.5-acre developed piece of land. Daryl (Skip) and Lynn Telgard are the third generation of Telgards to own and operate the Bluebird restaurant, which has been a staple in the Leland Township community since it was founded in 1927. The restaurant has expanded over the years to meet the community's needs; however, the current building is inefficient to operate and does not meet the current trend toward fast, casual, and increased outdoor eating spaces. The redevelopment involves demolishing the "functionally obsolete" existing Bluebird restaurant and rebuilding a smaller restaurant closer to the serene Leland River. The new building will include a large patio with 100+ outdoor spaces and indoor seating to accommodate another 100 patrons. As the Bluebird restaurant is the main livelihood of the Telgards, the goal is to have the redevelopment finished as soon as feasible and is anticipated to have the new restaurant in operation late 2024.

The adjacent former Early Bird restaurant will be redeveloped as well. This phase of redevelopment anticipated the demolition of the existing structure in two to three years. The redevelopment anticipates a new two-story mixed-use building with retail anticipated on the first floor and up to three residential units on the second floor.

This Plan helps to offset the cost gap associated with rising construction costs and the loss of restaurant income during redevelopment through the reimbursement of eligible activities with the new tax increment generated by the redevelopment. This project is anticipated to retain approximately 15 full-time equivalent (FTE) and 10 part-time jobs at the Bluebird restaurant. At the Early Bird property, the project is anticipated to retain 12–15 part-time jobs and create approximately 3–4 new part-time positions. The anticipated private investment is estimated to be \$3.4 million for the Bluebird phase of redevelopment and estimated to be \$2.8 million for the Early Bird phase of redevelopment. Therefore, the total capital investment for the project is expected to be \$6.2 million.

Overall, this project is set to serve a public purpose to the Township of Leland by revitalizing a popular local amenity, expanding the tax base, retaining and adding local jobs, and investing significant capital into the community. The property qualifies as "eligible property" under Act 381 on the basis of meeting the definition of "functionally obsolete" (Appendix 4).

1.2 Eligible Property Information

Basis of Eligibility

The property is located in the Township of Leland (the "Township"). The Leland Township Assessor, a Level 3 assessor, has inspected the restaurant building located at 102 E. River Street—including the roof, mechanical, plumbing, water systems, cooler and freezers, and restrooms—and found the structure to be at the end of its economic life. Therefore, the property qualifies as "eligible property" under Act 381 on the basis of meeting the definition of "functional obsolescence" (Appendix 4). The parcel located at 101 S. Main Street is adjacent and contiguous to 102 E. River Street and therefore also meets the definition of "eligible property" under Act 381.

Parcel ID: 009-750-120-00 102 E. River Street, Leland, MI 49654 Approximately 0.33 acres Parcel ID: 009-750-111-50 101 S. Main Street, Leland, MI 49654 Approximately 0.17 acres

2.0 Information Required by Section 13(2) of the Statute

2.1 Description of Costs to be Paid for with Tax Increment Revenues

This Brownfield Plan has been developed to reimburse existing and anticipated costs to be incurred by Daryl (Skip) Telgard and Lynn Telgard (The Telgards, aka "the Developer") and the Leelanau County Brownfield Redevelopment Authority (LCBRA). Tax increment revenues will be captured for reimbursement from local tax increment revenues. School taxes will only be captured to cover statutorily pre-approved activities.

The total cost of eligible activities, inclusive of contingencies, is anticipated to be a maximum of \$246,775. Authority implementation costs to cover the reasonable cost of administering and implementing the Brownfield Plan are calculated at 10% of available tax increment revenues and are anticipated to be \$43,529. The capture of tax increment revenue for the Local Brownfield Revolving Fund (LBRF) is estimated to be \$144,985. The estimated cost of all eligible activities under this Plan is summarized in Table 1.

2.1.1 Site Assessment and Baseline Environmental Assessment Activities

Eligible costs for reimbursement include Pre-Approved Activities, including a Phase I Environmental Site Assessment, \$3,000; an Asbestos Survey, \$12,000; and a Phase II Environmental Site Assessment, estimated at \$8,000 and to date to include a Ground-Penetrating Radar (GPR) Survey, incurred by the LCBRA. Pre-Approved Activities are statutorily eligible for reimbursement with both school and non-school tax increment revenues.

2.1.2 Due Care

Two underground storage tanks (USTs), believed to be closed in place, were discovered on the property located at 101 S. Main Street, which includes the structure known as the former Early Bird restaurant. The former Early Bird building is anticipated to be demolished in two to three plus years. One of the tanks is located partially under the building. It is anticipated that the tanks will be removed concurrently with the demolition of the Early Bird structure. A Due Care budget of \$5,000 is anticipated and included in this Plan as an eligible cost to cover UST Site Assessment Sampling concurrent with tank removal.

2.1.3 Asbestos Abatement

An Asbestos Survey has been completed on both structures which identified asbestos-containing materials (ACMs). ACMs identified within the Early Bird structures may be maintained in good condition until the time of demolition.

ACMs should be abated prior to demolition, and asbestos abatement is included in this Brownfield Plan as an eligible expense, estimated at \$12,500 for the Bluebird and \$6,000 for the Early Bird structures, totaling \$18,500 for both structures. Asbestos abatement is anticipated to be reimbursed with both school and local tax increment revenues, as allowable by statute.

2.1.4 Building Demolition

The Bluebird building is anticipated for demolition immediately following asbestos abatement this Fall. The Early Bird building is anticipated to be demolished in two to three plus years from now. Building demolition is built into this Brownfield Plan as an eligible expense and is estimated at \$60,000 for the Bluebird building and \$45,000 for the Early Bird building, totaling an estimate of \$105,000 for both structures. The building demolition is anticipated to be reimbursed with both school and local tax increment revenues, as allowable by statute.

2.1.5 Site Demolition

Site demolition is anticipated on the eligible property. Much of the current parking lot will need to be removed during redevelopment activities to access water and sewer utilities. Some sidewalks are also anticipated to need

to be removed during demolition activities. Site demolition is included as an eligible expense and is anticipated as \$25,000 associated with the Bluebird (102 E. River Street) property and \$10,000 associated with the Early Bird property (101 S. Main Street). In addition, UST removal is anticipated on the 101 S. Main Street property and is included in this Brownfield Plan as an eligible expense, estimated at \$25,000. The total cost of site demolition activities is anticipated to be \$60,000. Site demolition is anticipated to be reimbursed with both school and local tax increment revenues, as allowable by statute.

2.1.6 Brownfield Plan/Work Plan Preparation

The preparation of the Brownfield Plan is estimated to cost \$7,000, which will be incurred by the LCBRA, and is estimated to be reimbursed with state and local tax increment revenues.

2.1.7 Contingency

A 15% contingency on future costs is included to cover unexpected cost overruns encountered during construction on future costs. The total contingency cost is anticipated at \$28,275.

2.1.8 Interest

Interest expenses, while allowable, are not included as an eligible expense and are therefore not applicable to this Brownfield Plan.

2.1.9 Authority Implementation/Administration Cost

Actual eligible costs incurred by the LCBRA to implement the Brownfield Plan are included in this Plan as an eligible expense, calculated at 10% of eligible state and local tax increment revenues and are estimated to total \$43,529.

2.1.10 Local Brownfield Revolving Fund

The Authority intends to capture tax increments for deposits in the Local Brownfield Revolving Fund (LBRF) for a full five years, or as allowed by the statute. The LBRF is established under statute to maintain the sustainability of the LCBRA's work within the county to conduct other eligible activities on other eligible properties. This capture is estimated to be \$144,985 and will be collected from both school and local tax increment revenues, as allowable by statute.

2.2 Summary of Eligible Activities

Environmental Activities

Pre-approved environmental costs, funded by the LCBRA, are anticipated to be reimbursed through this Brownfield Plan using both school and non-school tax increment revenues and include a Phase I Environmental Assessment, Asbestos Survey, and Phase II Environmental Site Assessment, including a GPR Survey. UST Site Assessment sampling, anticipated to be a future Developer expense, is also included as an eligible, statutorily approved due care expense.

Non-Environmental Activities

This Plan will provide for the reimbursement of eligible asbestos abatement, building demolition, and site demolition, inclusive of UST removal. These expenses will be incurred by the Developer.

Authority Expenses

The Authority has incurred or will incur expenses related to assessment activities and preparation of the Brownfield Plan, estimated at \$30,000, funded through the county's U.S. Environmental Protection Agency (USEPA) Brownfield Assessment Grant. These costs are included for reimbursement so that funds can be

leveraged to support further eligible activities. Actual eligible costs incurred by the LCBRA for the administration of implementing the Brownfield Plan are also included as an eligible expense.

Contingencies

A 15% contingency on future costs is included to cover unexpected cost overruns encountered during construction on future costs.

2.3 Estimate of Captured Taxable Value and Tax Increment Revenues

The initial taxable value will be the 2023 combined taxable value of both parcels, \$815,328. An estimate of the captured taxable value for this redevelopment by year is depicted in Table 2. This Plan captures all available tax increment revenues, including real and personal property tax increment revenues.

The county has already invested costs into the project, including Phase I Environmental Site Assessment, Asbestos Survey, and Phase II Environmental Site Assessment, inclusive of a GPR Survey, initiated in 2023. The Developer intends to begin asbestos abatement of the Bluebird building, followed by building demolition, as soon as feasible. Tax increment revenue collection will start within five years of the adoption of this Plan and is anticipated to begin as early as 2025.

Future taxable value estimates have been derived through communication with the local Assessor, using redevelopment information provided by the Developer. After the reconstruction of the Bluebird, the projected taxable value is estimated at \$1,372,034, as estimated by the Assessor. A conservative 1% annual increase is built into the project tax increment financing (TIF) tables. Year 5 of the Plan depicts a larger jump in estimated taxable value to account for the redevelopment of the Early Bird property. Reimbursements will be made on the actual tax increment that is realized. The estimated captured taxable value for this redevelopment by year and in aggregate for each taxing jurisdiction is depicted in tabular form (Table 2). The Authority intends to capture up to five full years of tax increment and deposit the revenues into an LBRF in an amount to not exceed the total cost of eligible activities. The Plan also includes a fee for the LCBRA to implement the Brownfield Plan, estimated at 10% of available tax increment revenues. A summary of the estimated reimbursement schedule and the amount of capture into the LBRF by year and in aggregate is presented in Table 3.

2.4 Method of Financing and Description of Advances Made by the Municipality

The eligible activities contemplated under this Plan will be financed by the Developer and the LCBRA, as outlined in this Plan and the accompanying development agreement. No advances from the city or county are anticipated at this time.

2.5 Maximum Amount of Note or Bonded Indebtedness

At this time, there are no plans by the Authority to incur indebtedness to support the development of this site, but such plans could be made in the future to assist in the development if the Authority so chooses.

2.6 Duration of Brownfield Plan

The Authority intends to begin the capture of tax increment as early as 2025. This Plan will then remain in place for up to 30 years, or until the eligible activities have been fully reimbursed and up to five full years of capture into the LBRF (not to exceed the amount of eligible activities), whichever occurs sooner. Current estimates used to prepare this Plan anticipate a 19-year Plan term, with 14 years estimated to reimburse the Developer and the LCBRA for eligible costs, and the final five years for collection into the LBRF. An analysis showing the anticipated reimbursement schedule is attached in Table 3.

2.7 Estimated Impact of Tax Increment Financing on Revenues of Taxing Jurisdictions

An estimate of the impact of tax increment financing on the revenues of all taxing jurisdictions is illustrated in detail within Table 2.

2.8 Legal Description, Property Map, Statement of Qualifying Characteristics, and Personal Property

The property area subject to this Plan consists of two parcels, totaling approximately 0.5 acres in size and located at 102 E. River Street and 101 S. Main Street in the Township of Leland, Michigan. The parcel IDs for the subject property are 009-750-120-00 and 009-750-111-50. Eligible property dimensions are depicted in the attached Figure 1 (Location Map) and Figure 2 (Site Plan).

The legal descriptions for the parcels are as follows:

Parcel ID No.: 009-750-120-00

LOTS 2 & 4 PLUS ELY 15 FT OF LOTS 1 & 3 BLK 12 VILLAGE OF LELAND PLUS ADJ WLY 10 FT OF VACATED FIRST ST MORE FULLY DESCRIBED AS: COM NW COR SD LOT 3 TH S 68 DEG 32'40" E 85 FT TO POB TH CONT S 68 DEG 32'40" E 125 FT TH S 21 DEG 06'23"W 112.59 FT TO SHR LELAND RIVER (A/K/A CARP RIVER) TH ALG SD SHR N 68 DEG 58'54" W 10 FT TH CONT ALG SD SHR N 73 DEG 10'30" W 115.32 FT TH N 21 DEG 06'21" E 121.98 FT TO POB INLCUDES ALL LAND BETWEEN SIDELINES TO WATERS EDGE OF LELAND RIVER WITH FULL REPARIAN RIGHTS SEC 9 T30N R12W 0.33 A M/L

WLY 85 FT OF LOTS 1 & 3 BLK 12 VILLAGE OF LELAND INLCUDES ALL LAND BETWEEN SIDELINES TO WATERS EDGE OF LELAND RIVER (A/K/A CARP RIVER) SEC 9 T30N R12W 0.17 A M/L

The property is located in the Township of Leland (the "Township"). The property qualifies as "eligible property" under Act 381 on the basis of meeting the definition of "functional obsolescence" (Appendix 4). This Brownfield Plan does intend to capture tax increment revenues associated with personal property tax, if available.

2.9 Estimates of Residents and Displacement of Individuals/Families

There are no residents or families residing at this property, and thus no residents, families, or individuals will be displaced by the project.

2.10 Plan for Relocation of Displaced Persons

No persons reside on the eligible property. Therefore, this section is not applicable.

2.11 Provisions for Relocation Costs

No persons reside on the eligible property. Therefore, this section is not applicable.

2.12 Strategy for Compliance with Michigan's Relocation Assistance Law

No persons reside on the eligible property. Therefore, this section is not applicable.

2.13 Other Material that the Authority or Governing Body Considers Pertinent

As the Bluebird restaurant is the main source of income for the Telgards, they are highly motivated to see this redevelopment plan to fruition and get the new restaurant up and running as soon as feasible. The Early Bird redevelopment is anticipated to be a few years down the road, but still a priority. The reimbursement to the

Telgards from the Brownfield Plan is a small piece of the project funding compared to the total capital investment for the project, expected to be \$6.2 million. However, this Plan helps to offset the cost gap associated with rising construction costs and the loss of restaurant income during redevelopment through the reimbursement of eligible activities with the new tax increment generated by the redevelopment. Overall, this project is set to serve a public purpose to the Township of Leland by revitalizing a popular local amenity, expanding the tax base, retaining and adding local jobs, and investing significant capital into the community.

Brownfield Plan Resolution(s)

LELAND TOWNSHIP LEELANAU COUNTY, MICHIGAN

RESOLUTION IN SUPPORT OF A BROWNFIELD PLAN PURSUANT TO AND IN ACCORDANCE WITH THE PROVISIONS OF ACT 381 OF THE PUBLIC ACTS OF THE STATE OF MICHIGAN OF 1996, AS AMENDED

October 9, 2023

At a regular meeting of the Township Board of the Township of Leland, Michigan, held in the Leland Library Munnecke Room located at 203 E. Cedar Street, Leland, Michigan, on the 9^{th} day of October, 2023, at 7:00 p.m.

PRESENT: Lisa Brookfield, Shirley Garthe, Mariann Kirch, Clint Mitchell, Susan Och

ABSENT: none

MOTION BY: Shirley Garthe

SUPPORTED BY: Lisa Brookfield

WHEREAS, the Township Board of Leland Township, pursuant to and in accordance with the provisions of the Brownfield Redevelopment Financing Act, being Act 381 of the Public Acts of the State of Michigan of 1996, as amended (the "Act"), have formally resolved to participate in the Brownfield Redevelopment Authority (BRA) of Leelanau County (the "Authority") and have designated that all related activities shall proceed through the BRA; and

WHEREAS, the Authority, pursuant to and in accordance with Section 13 of the Act, has reviewed, adopted and recommended for approval by the Township Board, the Amended Brownfield Plan (the "Plan") attached hereto, to be carried out within the Township, relating to the redevelopment of the commercial property located at 102 E. River Street and the adjoining commercial property located at 101 S. Main Street, Leland Township, Michigan, (the "Site"), as shown in Figures 1 & 2 of the Brownfield Plan and more particularly described in the legal description of the property contained within the attached Plan; and

WHEREAS, the Township Board of Leland Township has reviewed the Plan, and was provided a reasonable opportunity to express their views and recommendations regarding the Plan and in accordance with Section 14 of the Act; and

WHEREAS, as a result of its review of the Plan, the Leland Township Board concurs with approval of the Plan.

NOW, THEREFORE, BE IT RESOLVED THAT:

- 1. **Plan Support**. Pursuant to the authority vested in the Township Board of Leland Township, by the Act, the Brownfield Plan is hereby supported in the form attached to this Resolution.
- 2. **Severability**. Should any section, clause or phrase of this Resolution be declared by the courts to be invalid, the same shall not affect the validity of this Resolution as a whole nor any part thereof other than the part so declared to be invalid.
- 3. **Repeals**. All resolutions or parts of resolutions in conflict with any of the provisions of this Resolution are hereby repealed.

NOTICE TO ALL TAXING JURISDICTIONS

The Leelanau County Board of Commissioners proposes to adopt a Brownfield Plan for a property in Leland Township, Leelanau County, Michigan.

Leelanau County has established a Brownfield Redevelopment Authority (the "Authority") in accordance with the Brownfield Redevelopment Act, Act No. 381 of the Michigan Public Acts of 1996, as amended (the "Act"). The Act was enacted to provide a means for local units of government to facilitate the revitalization of environmentally impacted, functionally obsolete, or blighted properties. The Act permits the use of the tax increment financing in order to provide the Authority with the means of financing the redevelopment project included in a Brownfield Plan.

The Authority Board has reviewed and recommended the adoption of a Brownfield Plan related to the development of two parcels of property located at 102 E. River Street and 101 S. Main Street in Leland Township, Michigan. The property is on the southeast corner of S. Main Street and E. River Street. The redevelopment involves demolishing the "functionally obsolete" existing Bluebird restaurant and rebuilding a smaller, more efficient, and sustainable restaurant closer to the serene Leland River. In a few years, the adjacent former Early Bird restaurant will be demolished and redeveloped as a mixed-use space as well. The overall redevelopment is estimated to total a \$6.2 million investment and is anticipated to create approximately 8-14 new part-time positions and retain approximately 15 full-time equivalent (FTE) and 22-25 part-time jobs.

The Leland Township Assessor has inspected the restaurant building located at 102 E. River Street and found the structure to be at the end of its economic life. Therefore, the property qualifies as "eligible property" under the Act on the basis of meeting the definition of "functional obsolescence". The parcel located at 101 S. Main Street is adjacent and contiguous to 102 E. River Street and therefore also meets the definition of "eligible property" under the Act.

This Brownfield Plan provides a means for the developer to recover their costs of eligible activities which primarily includes due care activities, asbestos abatement, building demolition, and site demolition. This Brownfield Plan also provides a means for the Authority to recover their costs of eligible activities which primarily includes pre-approved environmental activities.

The Brownfield Plan, which includes a site map and legal description of the parcels, is available for public inspection at the Leelanau County Government Center, 8527 E. Government Center Dr., Suite 108, Suttons Bay, MI, 49682 and online at: https://www.leelanau.gov/bocpubhearing.asp

A Public Hearing on the Plan will be held on Tuesday, November 21, 2023 at 6:00 pm at the Leelanau County Government Center in the Board of Commissioners meeting room. The plan will be considered for adoption at the November 21, 2023 Regular meeting of the Board of Commissioners held at 7:00 pm in the Leelanau County Government Center, 8527 E. Government Center Drive, Suttons Bay, MI 49682. If you have any questions or comments concerning the adoption of the Plan you may attend the meeting and express those comments during the Public Hearing (copy of Public Notice attached). You may also direct inquiries to Trudy Galla at (231) 256-9812 or tgalla@leelanau.gov.

Dated: October 23, 2023

Notice of Public Hearing

NOTICE OF PUBLIC HEARING

LEELANAU COUNTY BROWNFIELD REDEVELOPMENT AUTHORITY REGARDING ADOPTION OF A BROWNFIELD PLAN

BLUEBIRD REDEVELOPMENT PROJECT, LELAND TOWNSHIP LEELANAU COUNTY, MICHIGAN

TO ALL INTERESTED PERSONS IN LEELANAU COUNTY

PLEASE TAKE NOTICE that the Leelanau County Board of Commissioners will hold a Public Hearing on Tuesday, the 21st day of November 2023, at 6:00 p.m., Eastern Daylight Time in the Board of Commissioners Meeting Room, Leelanau County Government Center, 8527 E. Government Center Dr., Suttons Bay, MI, 49682 to receive public comment on a Brownfield Redevelopment Plan to include therein the property located at 102 E. River Street and 101 S. Main Street, Leland MI 49654. The following legal parcels are included in the "eligible property":

Parcel ID 009-750-111-50 and 009-750-120-00

The property consists of two parcels of property in Leland Township. The property subject to this brownfield plan is the geographic area described within this plan, inclusive of any parcel splits, combinations, new parcel tax identification numbers, or address changes that may occur in the future.

The redevelopment involves demolishing the "functionally obsolete" existing Bluebird restaurant and rebuilding a smaller, more efficient, and sustainable restaurant closer to the serene Leland River. In a few years, the adjacent former Early Bird restaurant will be demolished and redeveloped as a mixed -use space as well. Primary eligible activities include pre-approved environmental activities, due care activities, asbestos abatement, building demolition, and site demolition.

The Brownfield condition that qualifies 102 E. River Street as eligible is that it is considered functionally obsolete as defined in section 125.2652(u) of the Brownfield Redevelopment Financing Act, Act 381 of 1996, as identified by the Township Assessor on March 22, 2023. The parcel located at 101 S. Main Street is adjacent and contiguous to 102 E. River Street and therefore also meets the definition of "eligible property" under the Act.

The Brownfield Plan, which includes a site map and legal description of the parcel, is available for public inspection at the Leelanau County Government Center, 8527 E. Government Center Dr., Suite 108 Suttons Bay, MI, 49682. All aspects of the plan are open for discussion at the public hearing.

FURTHER INFORMATION may be obtained from Ms. Trudy Galla, Director of Brownfield Redevelopment Authority, at <u>tgalla@leelanau.gov</u> or (231) 256-9812.

Leelanau County will provide necessary reasonable auxiliary aids and services, such as signers for the hearing impaired and audiotapes of printed materials being considered at the meeting, to individuals with disabilities upon twenty-four (24) hours' notice to Leelanau County. Individuals with disabilities requiring auxiliary aids or services should contact the Leelanau County Clerk by calling as following:

Michelle L. Crocker Leelanau County Clerk 231/256-9824

Appendix 4

Functional Obsolescence Designation

Leelanau County Brownfield Redevelopment Authority

Attention: Trudy Galla, Planning Director

Subject: The Bluebird of Leland

Dear Trudy:

A recent inspection and owner interview of the subject property known as the Bluebird of Leland, has resulted in the following observations concerning the functional and economic obsolescence of this building:

The original building has been added on to multiple times over many years which has resulted in a large rambling footprint that has become increasingly inefficient to operate as well as difficult to staff. Parts of the restaurant are not ADA compliant including the restrooms. The mechanical systems need replacement as well plumbing and water systems. The walk-in coolers and freezers, which are between 40-50 years old, are at the end of their economic lives and need replacement. The flat roof is leaking in several areas requiring either repair or possibly replacement. The building is poorly insulated which makes it inefficient and increasingly expensive to heat and cool. Most of the windows are uninsulated adding to the energy inefficiency and costs.

It is my opinion that this building is at the end of its economic life and that the cost to cure the known deficiencies would be excessive. The 2023 parcel record card lists an overall average age of 50 years resulting in a percent good of 35% and a depreciation of 65%, rendering the building functionally obsolete as defined in section 2(u) of the Brownfield Redevelopment Financing Act, Act 381 of 1996.

The subject property is located at 102 E River Street in Leland, Leelanau County, Michigan. The parcel number is 009-750-120-00.

Sincerely,

Mie Krombeen, MAAO 3 Certificate Number R-7403 Leland Township Assessor Leelanau County, Michigan

Krombeen
