ARTICLE 6 DEVELOPMENT REVIEW		
SECTION 6.3 REQUIRED DATA FOR SITE		
PLAN REVIEW		
A. A site plan shall consist of an overall plan for the entire development. Sheet size shall be at least twenty-four (24) by thirty-six (36) inches with the plan drawn to a scale of not less than one (1) inch equals fifty (50) feet for property under three (3) acres, and at least one (1) inch equals one hundred (100) feet for properties (3) acres or more. Nine (9) complete sets shall be submitted for Planning Commission review. Two (2) complete sets and one (1) 11 X 17 sized set is required for Administrative review. The site plans shall be submitted to the Zoning Administrator thirty (30) days prior to the Planning Commission meeting.	Site plans were submitted dated 4/22/2024.	Final plans incorporating all revisions/conditions shall be sealed and signed by a professional engineer (professional surveyor or landscape architect licensed in Michigan).
 B. Site plans shall contain the following information: 1. The name and address of the professional land surveying civil engineering or architectural firm(s) or person(s) responsible for the preparation of the site plan. 2. The name and address of the petitioner and property owner, if different. 3. Date of preparation, revision dates, north arrow, and scale. 4. Location of the development drawn at a scale of one (1) inch equal two thousand (2,000) feet with north point indicated. This location map shall depict the proposed development site, as well as all section lines and number, major roadways, and other significant area features. 5. All lot and/or property lines, lot and easement dimensions, and a legal description of the lot. Required yard setbacks shall also be depicted and dimensioned on the plan. 	Site plans were submitted by Sarah Bourgeois, Architect, dated 4/22/2024.	Final plans incorporating all revisions/conditions shall be sealed and signed by a professional engineer (professional surveyor or landscape architect licensed in Michigan). Site plans to be revised to include Item #6.

 6. The location and height of all existing and proposed structures on and within one hundred (100) feet of the subject property and the names of all owners and occupants of properties within three hundred (300) feet of the subject property. 7. The location and dimensions of all existing and proposed drives, sidewalks, curb openings, signs, exterior lighting, trash receptacles, parking areas (including dimensions of a typical parking space), unloading areas, and natural features. 8. The location, pavement type, and right-of-way width of all abutting roads, roads, or alleys. 9. The location and dimensions of all greenbelts, berms, fences, and and/or walls. 10. Size and location of existing and proposed utilities including proposed connections to public sewer or water supply systems, and location of all fire hydrants. 11. Size and location of all surface drainage facilities. 12. Proposed building elevations and floor plan. 13. For multiple-family development site plans, there shall be shown typical elevation views of the front and side of each type of building proposed, as well as typical dimensioned floor plans for each type of dwelling unit. 	Location of all structures within 100' of subject property and all properties within 300' of subject property not included.	
front and side of each type of building proposed, as well as typical dimensioned floor plans for each type		

two-bedroom units, mobile home sites, etc.; and for	
non-residential units, the number, size and location.	
b. The development area of the site in acres and in	
square feet, including the breakdowns for any	
subareas or staging areas (excluding all	
existing rights-of-way).	
16. Location and function of both developed and	
undeveloped open spaces, as well as the layout of	
facilities to be included on developed open spaces.	
17. Depiction of major wooded areas and	
description of how they will be preserved.	
18. Site grading and drainage plans.	
19. Landscaping plans.	
20. Description of the areas to be preserved in a	
natural state.	
21. Existing and proposed contour shall be shown	
on all site plans (two (2) foot interval minimum) if	
required by the Township Engineer or Zoning	
Administrator.	
22. A map showing the location of creeks, streams,	
lakes, ponds, and wetland areas within one	
thousand five hundred (1,500) feet of the property;	
or, if there are none, a signed statement to that	
effect.	
23. A map depicting any significant views onto or	
from the site to or from adjoining properties or road	
right-of-ways.	
24. Additional Required Information: The following	
information shall be submitted if requested by the	
Zoning Administrator:	
a. A landscape plan identifying trees twelve (12)	
inches or larger in caliper.	
b. A description of all exterior building materials.	
c. Population profile for the development.	
d. Proposed financing.	
e. Traffic Impact Study.

neighborhood, including adjacent properties located	
in a different municipality.	
B. That there is a proper relationship between	
existing roads and highways and proposed	
deceleration lanes, service drives, ingress and	
egress drives, and parking areas to assure the	
safety and convenience of pedestrian and vehicular	
traffic.	
C. That buildings, structures, parking areas, utility	
areas, walls, and fences are so designed and	
located to minimize the adverse effects of such	
development on users of such development and	
occupants of adjacent properties.	
D. That any adverse effects of the proposed	
development and activities which will impact	
adjoining occupants or owners shall be minimized	
by appropriate landscaping, fencing, or other	
screening.	
E. That as many natural landscape features as	
possible are retained, particularly where they	
provide a barrier or buffer between the development	
and adjoining properties used for dissimilar	
purposes, and where they assist in preserving the	
general appearance of the neighborhood or help	
control soil erosion or the discharge of storm water.	
F. The proposed development provides for the	
proper development of any required public utilities	
and infrastructure.	
G. All buildings or groups of buildings are arranged	
to permit emergency vehicle access.	
H. That the plan for soil erosion control, storm water	
discharge, wells, and on-site septic systems have	
been approved. Site plan approval may be	
conditioned upon providing evidence that the	
necessary permits have been applied for. A land	
use permit shall not be issued until the Zoning

Administrator receives a copy of the required		
permit(s). I. Show that exterior lighting is arranged so that it is		
deflected downward and away from adjacent		
properties and that it does not impede the vision of		
traffic along adjacent roads or unimproved roads.		
J. Be served adequately by essential public facilities		
and services, including but not limited to roads,		
unimproved roads, off-road parking, police, fire		
protection, drainage district, refuse disposal, water		
and sewage facilities, schools, etc.		
K. The Planning Commission may further require		
landscaping, fences, and walls in pursuit of these		
objectives and same shall be provided and		
maintained as a condition of the establishment and		
the continued maintenance of any use to which they		
are appurtenant.		
SECTION 6.11 PERFORMANCE		
GUARANTEE		
To ensure compliance with the Zoning Ordinance	PC to Discuss	
and any condition imposed; the Planning		
Commission may require that a cash deposit,		
certified check, unconditional irrevocable bank letter		
of credit, or surety bond acceptable to the Township		
covering the estimated cost of improvements		
associated with a project for which site plan		
approval is sought or restoration of the site to a safe		
condition if the project is abandoned, be deposited		
with the Township Clerk to ensure faithful		
completion of the improvements, and also be		
subject to the following:		
A. The performance guarantee shall be deposited at		
the time of the issuance of the building permit		
authorizing the activity of the project. The Township		
shall establish procedures whereby a rebate of any		
cash deposits in reasonable proportion to the ratio

of work completed on the required improvements	
will be made as work progresses. This does not	
relieve the applicant from satisfying all	
applicable maintenance warranties and/or	
guarantees necessary to ensure the	
proper functioning of said public improvements.	
B. This section shall not be applicable to	
improvements for which a cash deposit, certified	
check, irrevocable bank letter of credit, or surety	
bond has been deposited pursuant to the	
Subdivision Control Act, Act 288 of the Public Acts	
of 1967, as amended.	
C. As used in this section, "improvements" mean	
those features and actions associated with a project	
which are considered necessary by the body or	
official granting zoning approval, to protect natural	
resources, or the health, safety, and welfare of the	
residents of the Township and future users or	
inhabitants of the proposed project or project area,	
including roadways, lighting, utilities, sidewalks,	
screening, landscaping, and surface drainage.	
SECTION 6.13 SPECIAL LAND USES	
Special land uses are uses permitted in a land use	
district which have unique characteristics that could	
possibly create problems, conflict with existing uses,	
or become a nuisance if located at an inappropriate	
site or without proper controls or limitations. Special	
land uses are, therefore, required to comply with	
additional conditions and standards for their	
operation and location. Prior to the issuance of a	
special land use permit, the requirements for such	
permit set forth in this Article shall be met in addition	
to all of the requirements for site plan review set	
forth in this Ordinance.	
SECTION 6.14 PRE-EXISTING SPECIAL	
LAND USE	

	-	•
Any existing use actually undertaken, which is		
permissible by right in the district, shall continue as		
a permissible use even if that use is later		
designated a special land use.		
Any expansion of the original permissible use, later		
designated special land use, must proceed through		
the special land use process for approval.		
SECTION 6.16 ADDITIONAL SUBMITTAL

Additional conditions and safeguards may be	PC to discuss	
imposed by the Planning Commission if such		
conditions are reasonable and necessary to protect		
the natural environment or to conserve natural		
resources or energy, to ensure compatibility with		
adjacent uses of land, to promote the use of the		
land in a socially and economically desirable		
manner, and to ensure that public services and		
facilities affected by the proposed land use or		
activity will be capable of accommodating the		
increased activity.		
Any conditions so imposed shall:		
A. Be designed to protect natural resources,		
including but not limited to modification of any		
setback requirements (only for Planned Unit		
Developments and Site Condominium		
Developments) and limitations on the area to be		
developed.		
B. Be designed to protect the health, safety,		
welfare, social and economic well- being of those		
who will be using the proposed special land use or		
activity under consideration.		
C. Be designed to protect Township residents, and		
lot owners adjoining the proposed special land use		
or activity, including but not limited to requirements		
such as screening, or the erection of natural or		
artificial barriers, or limitations on the time of day		
during which construction may occur, or during		
which special land use activities may be carried on.		
D. Be necessary to meet the intent and purposes of		
this Ordinance, and be related to the standards		
established for the land use activity under		

consideration, and be necessary to ensure compliance with those standards.		
E. Be necessary to ensure compliance with any part		
of the application received and approved by the		
Planning Commission.		
F. Meet the intent of the Empire Township Master		
Plan.

The Residential District is primarily for single-family	PC to discuss	
residential dwelling units. The specific intent for this		
district is to encourage traditional single-family uses and to prohibit uses that would substantially		
interfere with the development of single-family		
dwelling units and to discourage any land use that		
would generate traffic other than the normal traffic		
to serve the nearby residences.		
SECTION 7.3 SPECIAL LAND USES		
The following uses shall only be permitted with	PC to discuss	
approval of a special land use permit by

permitted as a nonconforming use or	
nonconforming structure pursuant to the provisions	
of this Article is no longer intended by its owner to	
continue as a nonconforming use or nonconforming	
structure, the use of the land or the structure shall	
be discontinued. The owner's intent to no longer	
continue the nonconforming use of the land or	
structure shall be established by a preponderance	
of the evidence which shall consider the following:	
A. Whether utilities have been disconnected.	
B. Whether any signs have been removed or have	
fallen into disrepair.	
C. Whether any fixtures within and outside the	
building have been removed.	
D. Whether the property has fallen into disrepair or	
is considered "blighted."	
E. Whether U.S. Mail delivery has been terminated	
or mail is forwarded to another address.	
F. Whether the classification of the property for tax	
purposes has been changed to reflect another use.	
G. Whether any license associated with the use has	
expired.	
H. Whether there are any other similar changes to	
the nonconforming structure or use.	
Action to determine if a nonconforming use was	
intended to be discontinued by the	
owner may be delayed if any of the following is	
ongoing:	

A Ownership or possession of the property is the subject of a pending Probate Court proceeding;

B. The property is the subject of an Insurance settlement dispute; or

C. The property is the subject of an ongoing criminal investigation.

SECTION 13.4 NON-CONFORMING STRUCTURES Where a lawful structure exists at the effective date of adoption or amendment of this Ordinance which could not be built under the terms of this Ordinance by reason of restrictions on the lot area, lot coverage, building height, setbacks, or other characteristics of the structure or its location on the lot, such structure may be continued so long as it remains otherwise lawful, subject to the following provisions: A. No such structure may be enlarged or altered in a way that increases its nonconformity. B. Should such structure be destroyed by any means to an extent of more than sixty (60%) percent of its replacement cost, exclusive of the foundation, it shall be reconstructed only in conformity with the provisions of this Ordinance. The sixty percent (60%) provision shall not apply to non-conforming single-family residential structures; however, application for rebuilding shall be made within one (1) year from the date of damage or destruction. C. Should such structure be moved any distance for any reason whatsoever, it shall thereafter conform to the regulations for the district in which it is located after it is moved.
