Subject: Re: 4/13/2023 Village Council Public Hearing and Work Session

Dear Council, I am a resident of Empire Village. I know there is a problem getting ambassadors for the beach. I may have my information incorrect but this is what I believe. I think that the monies the Village receives for the parking goes into a fund for maintenance and then leftover goes into recreation. If the Village would up the hourly rate for the ambassadors the Village may have more applicants. I don't mean a pittance, I mean substantial. Such as over \$20.00 per hour. When there are no ambassadors the Village loses money. I believe the monies from the parking will more than cover this. Inie Hacker 231-631-9606
