### **Library Report for the Leland Township Annual Meeting**

The Leland Township Public Library has continued to work towards our expansion and renovation project for the Library building in the last year. We are continuing with our fundraising efforts in hopes of breaking ground sometime in late 2024.

In the last year the Library had over 28,000 visitors to the building with 3,678 patrons checking out 30,570 physical items. We sponsored 104 programs, attended by over 2,500 people.

The Munnecke Community Meeting Room (owned by the Township and managed by the Library) hosted 259 events with just over 2,800 attendees.

The Library will be going to the voters of Leland Township in the August election to renew our 8 year, .4 mil operating millage first approved in 2016.

Respectfully Submitted:  
Mark Morton, Director
