Reasons Listed for Concern that Election Fraud will Determine the 2024 Election:

Note: Our Clerks and County Commissioners should have to prove that this information concerning election integrity is wrong, not the other way around.

BACKGROUND INFORMATION that each candidate should consider before answering:

Report Filed Today, Monday, September 16, 2024, with the Office of Frank LaRose, Ohio Secretary of State Regarding the Cryptographic Algorithm Found in the Ohio State Board of Elections Official Voter Registration Database.

Who Placed a Cryptographic Algorithm of Intelligence Agency Complexity into the Ohio State Board of Election Voter Registration Database, and Why?

2. Rasmussen Poll from April 27 – May 2, 2023, Question:

"How likely is it that cheating affected the outcome of the 2020 presidential election?"

62% of all likely voters answered "Likely or Somewhat Likely"

Rasmussen Reports @Rasmussen_Poll. Update: A new high in voter distrust of the 2020 election results is set today. "How likely is it that cheating affected the outcome of the 2020 presidential election?"

3. At this point, one of the county citizens noticed that the two strangers in the back room were from ElectionSource, the vendor that services Dominion Voting Equipment & Systems for Michigan. The Regime Is FORCING Americans To Use Rigged Machines?!

According to Computer Expert Mark Cook: Dominion's (& Leelanau County & County Clerk Michelle Crocker's) 'Election Source' agents: "... they admitted that they're aware of the back doors and dominion that they continue to sell dominion to the counties despite knowing that there were back doors."

You can also read this Bill Wiesner "Handout" articles online on the Leelanau County Website HERE. Election Source is Leelanau County Clerk Michelle Crocker's vendor.

4.

Tina Peters was the Mesa County Colorado County Clerk. She backed up her election computers when she was informed by Dominion that the so-called "Trusted Build" would delete election records that she was mandated by Colorado law to keep for at least 25 months.

We Use the same Dominion Voting Machines in Leelanau County, and I assume we had the same "Trusted Build" from Dominion.

12. United Sovereign Americans:

for 336 counts (4 canvassers per county, 83 counties, 4 state canvassers) of intimidating election officials as a result of their threats.

It remains to be seen if they will be held accountable for their actions.

Conclusion

Canvassers in Michigan should send a clear message to both Benson and Nessel that they refuse to be intimidated. The law is very clear. They are under no obligation to certify fraudulent election results nor should they do so.

13. LetsFixStuff.org Patrick Colbeck

Isn't threatening an election official itself against the law?

<https://letsfixstuff.org/2024/08/what-happens-in-mi-when-county-canvassers-refuse-to-certify-an-election/>

Yes. Under a new provision of Michigan election law pushed ironically by Democrats, it is illegal to intimidate an election official.

168.931b Prohibition on intimidation of or interference with election workers; violation; penalties; application to constitutionally protected activities; definitions.
Sec. 931b.
(1) An individual who intimidates an election official because of the election official's status as an election official, with the specific intent of interfering with the performance of that election official's election-related duties, is guilty of a crime as provided under subsection (3).

So, the chief election official in Michigan and the chief law enforcement officer in the State of Michigan are each culpable

 QUESTION: Why was MSNBC filming Trump on his golf course moments before he was shot? How did they know to be there? Who told them? Remember, CNN hadn't covered a Trump rally live until the Butler Rally. Is it weird left-wing media seems to be there every time?

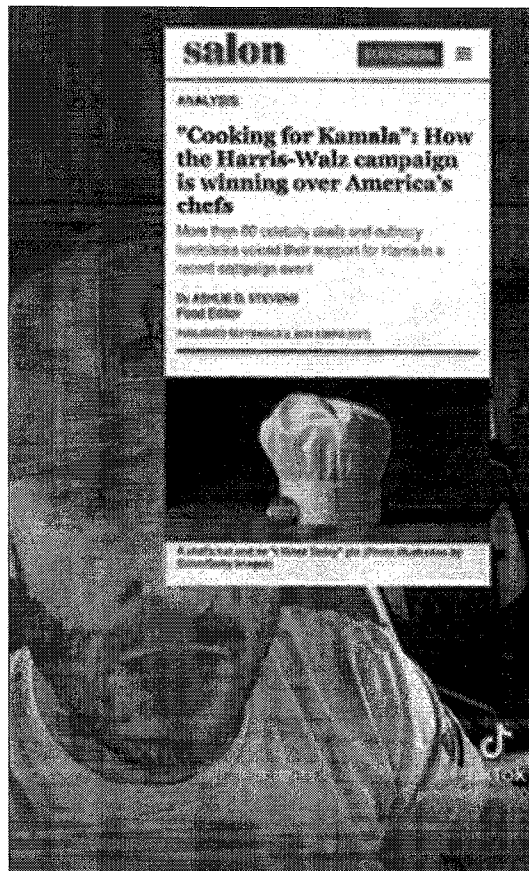

h/t @pseudoblog

WHY WAS MSNBC FILMING TRUMP GOLFING PRIOR TO SHOOTING?

CNN had not covered one of Trump's rallies live until Butler. Now MSNBC is on Trump's golf course filming the former president just before he was almost assassinated. Who told MSNBC Trump would be there?
