So I wanna make sure I'm clear on what they're saying is going on in Arizona...

74,000 people in AZ voted for their Republican HOUSE candidate but DID NOT vote for the Republican Senate candidate...

109,000 people in AZ voted for their Democrat Senate candidate but DID NOT vote for their Democrat HOUSE candidate...

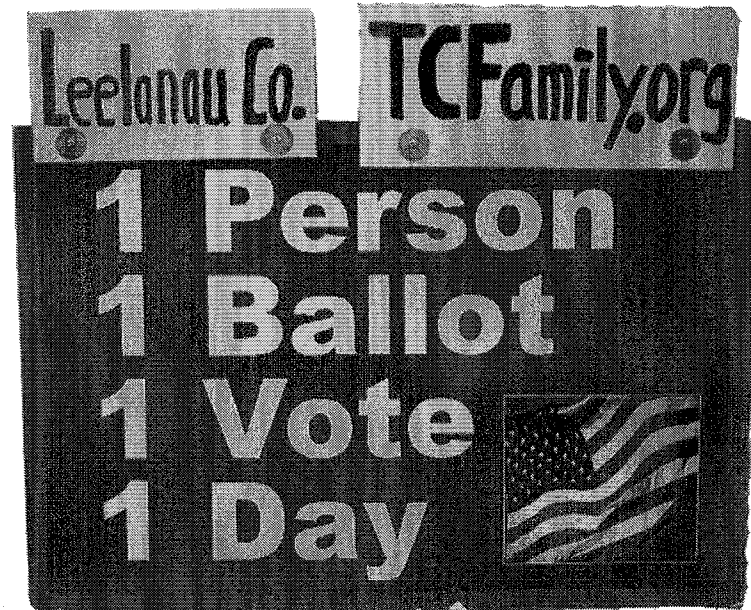

Does that about sum it up?

In fact it almost looks as if those 74,000 people FLIPPED their vote from Republican to Democrat...

Doesn't it?
