Hello,

I respectfully request that you forward the following email to all of the Leelanau County Commissioners prior to the February 20, 2024, meeting.

Thank you,

Kersti Bruining

Dear Leelanau County Commissioners,

The purpose of my email is to express my very strong support for the proposed solar project at the Leelanau County Government Center. There are multiple fiscal and environmental reasons to support implementation of the solar project.

The strongest reason I am in support of implementation of this solar project is my responsibility to my (and your) grandchildren. It is my hope that I will be able to assure them that I recognized the climate change challenge we all face and was in support of changes that could help to mitigate it.

I therefore urge you to vote in favor of proceeding with the solar project as the only ethical choice.

Thank you for your service to Leelanau County.
