Subject: Solar panels project
Date: Monday, February 19, 2024 2:02:09 PM

Good afternoon. I would like the Board of Commissioners to approve the proposal to have a solar power project built on the site of the proposed project.

I also think that it would be good to include the proposed building on the sheriffs office parking lot with the solar panels on the roof. Anything that you can do to increase the readiness and efficiency of the law enforcement will help to protect our citizens.

It makes sense to me to accept this generous grant and the significant savings that the technology will provide for the future. Thank you.
