Subject: Timberlee, Mt Josh paving proposal
Date: Thursday, October 29, 2020 1:53:09 PM
Importance: High

Hello,

My name is Kerri Ohanesian and my husband, Joe and I are long time property owners in the Timberlee neighborhood (10426 S High Meadows Ct). I wish to voice my opposition to this project as I understand it. We are not supportive of the paving of this access trail into our neighborhood. We also do not support this from a taxpayer cost perspective. I am not able to attend tonight's meeting that I just happened to hear about from a neighbor but it sounds like there is an attempt to push this through without sufficient notification for input and voting. It seems there was only some fine print in a notice about a drain issue. Again, we are opposed to this proposal moving forward at this time.

Thank you,
Kerri Ohanesian
