Dear Sir,

I own a vacant property on Mt Josh road. #010-014-004-22

My plan is to build a family vacation cottage on that property.

Questions:

- 1) Will the drain extend up Mt Josh road?
- 2) What benefit will the drain provide my property?
- 3) Where will the drain water go?
- 4) How much will the project cost?
- 5) How will the assessment be determined?
- 6) Will the road surface be upgraded too?
- 7) Is the assessment a onetime cost?

Thank-you,

Daniel Scheerhorn
