Subject: Timberlee Drain Proposal Feedback

**TO: Leelanau County Drain Commissioner - Christensen
Jeff Shaw Supervisor - Elmwood Township
Sara Kopriva Planner/Zoning Administrator - Elmwood Township
TONY ANSORGE (DISTRICT #1 - County Commissioner for Elmwood Township
DEBRA L. RUSHTON (DISTRICT #2 - County Commissioner for Bingham Township and a
portion of Elmwood Township)
Laurel S. Evans Executive Assistant Leelanau County - for Zoom Meeting Input**

I am writing concerning a notification regarding a proposed Timberlee Drain. I am asking that this action **NOT BE IMPLIMENTED !!**

We do NOT want more bureaucracy and increased taxes.

I certainly do not understand why this is even being considered as our neighborhood is located on a major hilltop and are mostly based with sandy soils that drain very quickly and easily.
The only times for potential DRAIN/WATER issues are when torrential rainfalls for several days and the water from our rooftops are not properly directed away from our basements.

Additionally, the information in this notice was vague and missing important information (estimated costs, detail of project equipment, why this is needed, location of impact, the estimated impact to those within the boundaries). Also, the quality of the Exhibit A was confusing and blurryanother unprofessional job.

In my estimation, this notice certainly did not meet the professional requirements for Leelanau County nor it's citizens.

peace and love,
