Re: Process for filling open PC seat

I attended the Wednesday, January 10th Township Board Meeting. I want to express my support of the township following the approved procedure for replacing members on the Planning Commission. I was disappointed with the lack of leadership on this agenda item that caused confusion, mis-understanding and eroded the confidence the public has in local officials.

I support and respect the recommendation of the Planning Commission Chair to appoint Rolf Von Walhausen to the open seat.

Thank you.
